Program Enhancements

12.01 Governor's Initiative - Airport Development Grants: Assist any of the 7 commercial or 92 general aviation airports in Idaho with capital improvements such as paving, lighting, runway expansion and land acquisition. The \$600,000 ongoing base will be augmented by \$200,000 from the Aeronautics fund on a one-time basis. In addition, \$575,000 (one-time) is recommended from the General Fund for a total of \$1.375 million in airport grants. The General Funds (all one-time) would be used to match federal airport grants for local communities or assist the public airports in Idaho that are not eligible for federal funds.

12.02 Aeronautics Building Relocation: Because of expansion at the Boise municipal airport, the State Aeronautics offices and hanger must be relocated. The Boise airport has agreed to assist with the costs of this move, but minor renovations may be needed at the new location. Additional unforeseen costs relating to the move may occur. Any funds not spent will remain in the Aeronautics fund for future appropriation.
